K2A2 - Key Performance Indicators, Degree Completion Rate for Undergraduate Cohort, New Year 1 Students

Type	Number of Students
New full-time year one undergraduate students	5387
Total graduates	4435

Graduation Rates: The MTCU has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 2002 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree. The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven year period (2003 to 2009).

K3 - Retention Rates

Year	Retention Rate
Year 1 to Year 2	93.6%

Retention rate: Report the percentage of first-time, full-time first year students in a given fall term who returned to the institution in the next fall term.
